

Pretty simple seating.

The way you decorate your home speaks volumes about you. You take special care in selecting your furnishings, because every item is important, no matter how small. There's one place that takes that same pride in the furnishings it offers - a place just for you. For over 32 years, Habitat has been providing Europeans with exquisite home furnishings. We travel the world to find special items that satisfy even the most eclectic tastes, and are now bringing our world of innovative style and design directly to America. Take for example the Africa chair - simple, yet striking - it's crafted from Nyatoh hardwood, with a removable canvas sling made of 100% cotton. Folds for easy storage, with slings that come in a choice of vibrant colours to complement any decor. Just \$39.95. Additional slings are only \$7.00 each. Order now, and we'll send you our catalogue, free.
